

Land & Coastal SERVICES

PROJECT DESCRIPTION

Quonset Development Corporation Rhode Island Fast Ferry Terminal

North Kingstown, Rhode Island
2012

Land & Coastal Services provided regulatory services for the Quonset Development Corporation and the Rhode Island Fast Ferry, Inc. to construct a new berthing facility at the Quonset Business Park in North Kingstown, RI. Land & Coastal teamed with Bourne Engineering Consulting who engineered the project which includes a fixed pier, landing pier, and attached barge for the Millennium Ferry and a new ferry to provide passenger service to Martha's Vineyard.

Land & Coastal prepared the Rhode Island Department of Environmental Management Water Quality Certification, RI Coastal Resources Management Council and Army Corps of Engineers Applications and assisted with the RI Department of Transportation preparation of the NEPA required Categorical Exclusion.
